Ideation:

Hey GPT! I'm looking for new content ideas for my YouTube channel. How can you help me with this?

[GPT will ask you specific questions to gain info about your YouTube channel and goals. Answer the questions and save these answers for the next time you want to brainstorm.]

Creating video outlines:

Hey GPT! Can you help me create a video outline for a YouTube video I'm working on? The subject is [VIDEO SUBJECT]. I want the video to be approximately [VIDEO LENGTH] long. I'm targeting [TARGET AUDIENCE FOR THIS VIDEO].

Need more info for any of the points listed in the outline? Simply prompt GPT with "Hey GPT, can you please expand on the points you listed under [HEADING YOU WANT MORE EXPLANATION ON]."

Creating full video scripts:

Ok, GPT! I would LOVE it if you would create a full script for me on [VIDEO TOPIC]. I'd like the video to run at least [DESIRED LENGTH OF VIDEO]. My YouTube channel is called [NAME OF YOUTUBE CHANNEL] and my name is [YOUR NAME]. I want my video to be welcoming and then dive right into the content. I want this to be a fun ride for my audience. I love interjecting humor to keep their attention. I want the tone to be casual, but thorough so they get the most value possible from the video. Aim for high engagement throughout.
